### How to Specify an Order

When ordering our products, specify them with an "Ordering Code" that consists of the following:

Model name | Frequency (up to 9 digits) | M- | Number for specifying an order

Example 1: When ordering a product with model name: 2560NK, frequency: 80 MHz, frequency stability:  $\pm 100 \times 10^{-6}$ , and power supply voltage: 5.0 V  
Ordering Code: 2560NK - 80.000000M - NSA3285A

If you have any queries concerning our standard frequencies and numbers for specifying orders, please contact our sales representatives or visit our homepage (<http://www.ndk.com/>).
