

Board to board vertical or horizontal interface Pin header 5.08 mm (.200) pitch.

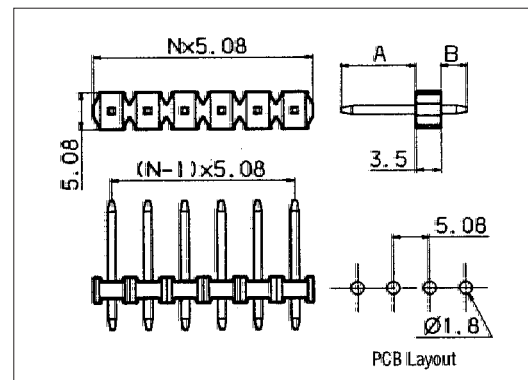

- 6370 series are pin headers for board to board interfacing. They are compatible with the female plugs of the 6360 series.
- Available in one row from 2 to 21 contacts. They can be cut to the required length with the hand cutter 6470 CB 01. Stands-off allow cleaning after soldering.

Special features

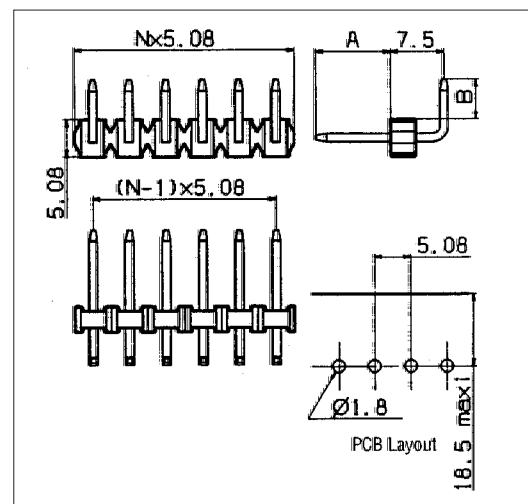

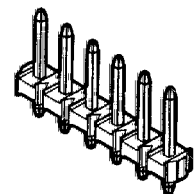

- Insulator : self extinguishing thermoplastic (UL 94 VO). Flow solder resistant.
- Contact : square pin (1.14 mm²).
Material : copper alloy.

How to order

Series prefix	6370	06	1	D1	3	01
Number of contacts per row	02 to 21					
Number of rows	1					
Contact type	D1 : straight C1 : right angle					
Contact plating	2 : gold flash 3 : tinned					
Option :	01 : A = 10.5 B = 3.7 for 2.4 mm PCB					

Straight

Right angle
