Create On the Spot Labels for Whatever Spot You're In

Now there's a powerful new marking system that lets you create custom labels wherever you need them. In the office, throughout the plant, *or* even in the field – portable HandiMark™ “tags along” with you to ensure a safer working environment – no matter what spot you're in.

Best of all, HandiMark fits in the palm of your hand. It's lightweight and runs on a rechargeable battery or AC power supply giving you the flexibility and convenience of taking the unit along wherever labeling is needed.

Limitless Applications Mean Real Value

Whether you need custom office labeling or facility and safety identification, HandiMark does it all right where you need it *and* at a surprisingly affordable price. Create pipe markers, valve tags, maintenance labels, equipment labels, instruction labels, warehouse labels, safety labels, and more.

Have It Your Way

HandiMark packs a lot of power into one small system. For instance, you can customize labels with various colors, type styles *and* an extensive library of symbols and pictograms with multi-language capability. Its powerful memory also lets you create your own bar codes *and* store frequently used labels for printing without re-entering.
