

FUSE COVER FOR 5 x 20mm BASE & P.C.B. MOUNTING OPEN FUSEHOLDERS

**Part No.12760**

A transparent Fuse Cover (Part No. 12760) which effectively shrouds live parts of Bulgin's Base and P.C.B. Mounting Fuseholders type **FX0321**, **FX0267** & **FX0267/PC**. The Cover prevents inadvertent contact with live parts, but permits use of probes via holes in the top face for test or troubleshooting purposes.

Technical Data:**Max Working Temperature:** 100° C.**Fuse Acceptance:** 5 x 20mm cartridge fuses.**Materials:** Clear Polycarbonate.**Flammability:** UL94V-2**Features:**

- ★ Fits **FX0321**, **FX0267** & **FX0267/PC**, 5 x 20mm Fuseholders.
- ★ Cover retains fuse when extracted from holder.
- ★ Moulded from clear Polycarbonate to aid inspection of fuse in situ.
- ★ Two 3mm diameter holes moulded in top cover to enable test probes to contact fuse caps. Holes also aid ejection of fuse from cover when replacement is required.
