

查询 1612 供应商

- V-twin pump design - For smoother performance and longer lasting pump.
- Splash oil lubrication - For better wear resistance.
- Cast valve plates - For durability.
- Rust proof stainless steel valves - For extended life.
- Special compression ring - For longer life.
- Trapped reed valves - Eliminating severe pump damage.
- Strip stainless steel valves - For higher output and durability.
- Dynamically balanced crankshaft - For improved smoothness.
- One piece con-rod and piston - Lightweight and high efficiency.
- High performance fan - With specially designed fan blades for maximum forced air cooling.
- Integral air filter - To avoid accidental damage.
- Larger oil sump - For better lubrication.
- Needs little maintenance - For added convenience.
- Low oil consumption - Highly efficient.
- Tough cover - For safety and protection.
- High efficiency pump - For more air.
- Powerful 3.0HP motor - Huge power from a 15 amp supply.
- 15.0cfm displacement - For greater air tool use.
- Easy to use - Ideal for home DIY use.
- Over 100 service agents nationwide - For easy servicing.
- 100% production line tested - For greater reliability.
- Equipped with automatic stop/start control, pressure regulator, gauges and drain valve - Added value.
- One year warranty - For peace of mind.

CAR MECHANICS
"Impressive performance from this Vee twin machine."
"Real value for money."
"Performance was excellent."

PRODUCT TEST

Item N° 01612

Stratus 40050

- Wheel mounted 50 litre receiver - With safety valve, gives greater air storage.
