SIP Air Hoses

# Air Accessories

● **COILED AIR HOSE:** Tangle free top quality recoil hose. Highly visible, light weight (offering less operator fatigue) and kink resistant, max. w. pressure 200 psi. Available in 5 metres with female fittings and 25ft or 50ft with male swivel fittings.

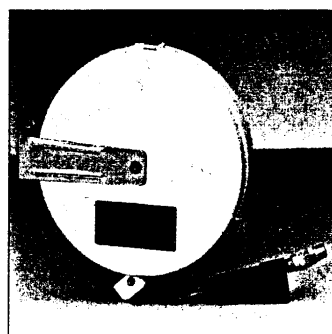

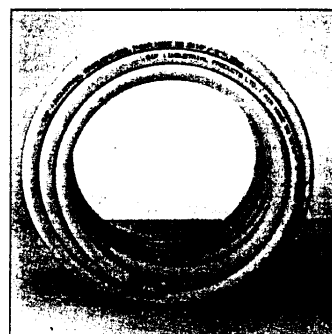

● **RUBBER AIR HOSE (3/8" - 10MM):** High quality rubber air hose. High pressure (200 psi WP), fitted with hard wearing brass male fittings. Very popular and fiercely competitive.

● **PROFESSIONAL AIR HOSE (3/8" - 10MM & 1/2" - 13MM):** Nitrile Rubber/PVC fully reinforced, this SIP professional air hose gives improved abrasion/oil/fuel and kink resistance due to its advanced material and construction. Very hard wearing and still flexible. Silicone free (does not react with paint). Exceeds BS 5118 requirements. Ideal for very busy workshops and highly visible with yellow for safety. Available in a variety of lengths with fittings. 310psi working pressure, 900 psi burst pressure.

● **AIR HOSE REEL:** Ideal to keep things tidy. Wall mounting. Complete with 25ft hose.

● **AIR HOSE CUTTER:** Ideal for cutting range of plastic and rubber hoses from 1/8" - 1" (3mm - 25mm). Saves time and gives even cut. Blade made of special heat treated steel for long life.

● **ADVANCED AIR TOOL OIL:** Available in 1 litre container. A high quality lubricating oil specially designed for use with air tools.

| DESCRIPTION                                                 | ITEM NO |
